EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Craig A Fieschko on 6/2/04.

The application has been amended as follows:

Claim 1, last line, after "T-post" inserted --; (d) a pair of engagement legs spaced by a brace post receiving slot opening onto a T-post main bar space, wherein the engagement legs have opposing brace engagement fastener holes defined therein--;

Cancelled claims 4 and 5;

Claim 6, line 1, changed "4" to --1--; and

Claim 14, last line, after "legs" inserted --and between the spaced studs of the inserted T-post--.

2. The following is an examiner's statement of reasons for allowance: the prior art of record neither teaches nor suggests all of the claimed subject matter of claim 24 including the combination of the T-post and bracket, where the bracket has legs with tabs spaced from the stop member, and are spaced from each other by a T-post main bar space sized to receive a main bar of a inserted first T-post; and the prior art of record neither teaches nor suggests all of the claimed subject matter of claim 31 including a hinge post extending upwardly from the stop member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
